Are you a creative MSME based in Palestine with an idea ready to launch or expand?

CREACT4MED, an EU-funded project which aims to strengthen businesses within the cultural and creative industries, offers **direct funding to launch or expand cultural and creative businesses in Palestine** with a high potential to generate innovation and jobs, in particular for young people and women.

---

The **overall objective** of the CREAT4MED funding scheme is to support selected MSMEs active in the cultural and creative industries to overcome barriers to business development and market access, harness innovation, technology and creativity to improve business operations, and to increase their capacity to create jobs for young people and women.

The **specific objectives** of this call are:

1. To facilitate the development, launch, promotion and improved access to local and international markets of innovative business ideas in the cultural and creative industries through the provision of funding and technical assistance services.
2. To foster social inclusion and create job opportunities, particularly for women and young people, in the provision or preservation of cultural and creative goods, products or services.
3. Create a hub to support young people and women involved in CCI entrepreneurship within the target countries, bringing together incubation, support, education, finance and other actors.

## What is in it for entrepreneurs

Successful applicants to this call will benefit from:

- A sub-grant of up to EUR 15,000 in order to implement their project proposal
- Technical Support Services implemented by [CREACT4MED incubators](#)
- Networking opportunities offered through the Mediterranean CCI HUB
- Visibility through the project's website, events and other initiatives

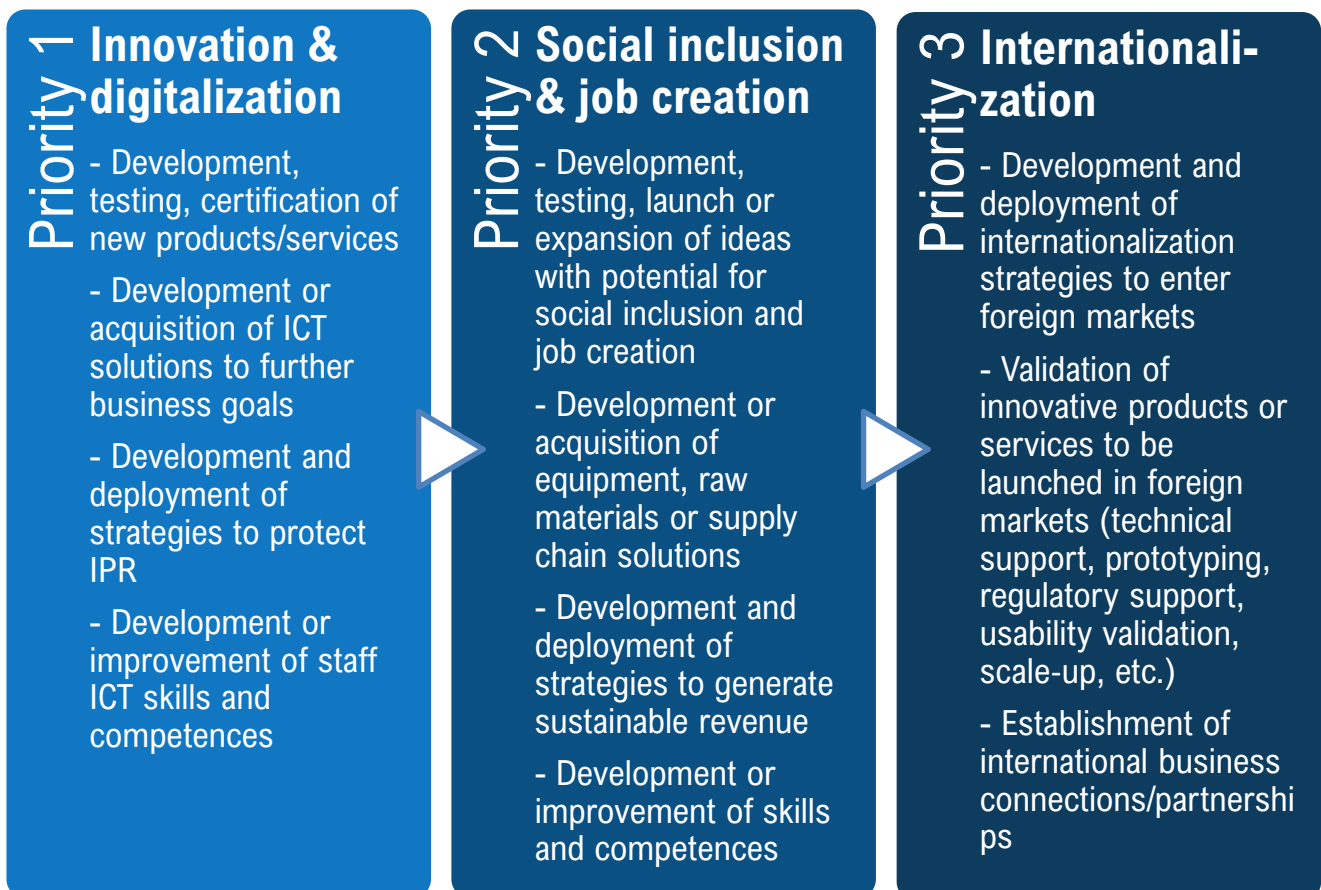

## Who can apply?

This call is open to MSMEs based in Palestine with experience in the Cultural and Creative Industries. The following conditions must be met to be eligible for funding:

- Be a legal entity registered in the commercial registry of Egypt, Jordan, Lebanon, Morocco, Palestine or Tunisia after 2012.
- Be a micro, small or medium-sized enterprise according to the definition in the country of registration
- Be active in the cultural and creative industries
- Be registered to the CREAT4MED Community Platform
- Be directly responsible for the preparation and management of the action, not acting as an intermediary

## Indicative eligible activities

Proposed activities should have a maximum duration of 8 months and fall into one or more of the following priorities:

Further details on the eligibility of applicants, activities and costs are provided in the Guidelines for Applicants.

# Technical support services

Successful applicants will benefit from incubation services offered by ASALA:

- **Objective:** The program will support women-led MSMEs, female entrepreneurs and start-ups including female youth in the field of the cultural and creative industries by enhancing their skills base, capacity for innovation, sustainability and productivity through a series of customized business development support services, and facilitating access to market and finance opportunities by providing connections with key CCI and gender-responsive finance actors.
- **Indicative start date:** December 2022 (TBC)
- **Duration:** 6 months

## Application process

Application to this call for proposals comprises the submission of:

- (1) Application form and Proposal outline, including 1) a signed declaration of honor on exclusion criteria and 2) selection criteria and a de-minimis self-declaration
- (1) Mandatory attachments:
  - a. Registration document **or** letter of commitment to register the company within the 30 days following the award of the sub-grant
