Controls and expenditure verifications will be conducted by the Subgrant Managing Committee and/or external auditors in order to ensure that there are no irregularities in the implementation of the project. An irregularity refers to any amount unduly paid to the beneficiary according to the provisions of this agreement and to the programme rules due to errors or fraud attributable to them. If an irregularity is confirmed, the Sub-grant Managing Committee shall recover the unduly paid amounts from the beneficiary.

Other funding

22. Can we apply to this sub-grant if we already have UE subvention?

This depends on what the subvention is for. You may not apply for more funding for an action that is already receiving EU funds. This grant cannot be awarded to an activity that is already receiving funds or that started before the signature of the sub-grant agreement.
