

CREACT4MED Closing Event Forging Future Paths for Creativity and Culture

10th and 11th July 2024 Sant Pau Recinte Modernista, Carrer de Sant Antoni Maria Claret, 167, Barcelona

The cultural and creative industries possess a remarkable and transformative power that transcends borders and differences, uniting individuals from every corner of the globe. They are the universal languages that connect us profoundly, reminding us of our shared humanity and bringing us together to face global and complex challenges. Culture and creativity act as bridges in a world marked by conflicts, fostering understanding and empathy among diverse communities. Moreover, given that entrepreneurship can act as a force for inclusion as well as being social and economic development engines, the industries can empower marginalised voices and breathe life into struggling economies. By enhancing and promoting the cultural and creative sectors as catalysts for job creation and economic development, CREACT4MED, a project co-funded by the European Union, seeks to strengthen CCI ecosystems in the region and unleash the full potential of the CCI to create empowered and flourishing societies.

Over the past 4 years, CREACT4MED has provided financial support to cultural and creative entities, launched a training programme to upskill budding entrepreneurs, and has built a community of over 1200 creative minds across the Mediterranean region. On the 10th and 11th of July 2024, we will be celebrating the project's final event in Barcelona to present the impact made and to gather key stakeholders from across the Mediterranean to solidify the CREACT4MED community and spark further action for stronger and brighter cultural and creative industries in the Mediterranean. Attending the event will be the CREACT4MED MSMEs/NGOs/CSOs, the BSOs who provided incubation services, and organisations who implemented projects related to regional cooperation, the winners of the CREACT4MED Best Practices, as well as investors and other experts in the region.

The event is co-organised by the lead partner, the Euro-Mediterranean Economists Association (EMEA) and project partner, the European Institute of the Mediterranean (IEMED). Join us as we celebrate the transformative potential of the cultural and creative industries in promoting economic prosperity in harmonious, peaceful, inclusive societies. Remember to use the #CREACT4MED and tag us in your posts!

Agenda

10th July, 2024

10:00-	Arrival and Registration
10:30	
10:30-	Best Practice Award Ceremony – Announcement of the Winners!
12:30	
12:30-	Lunch
14:30	Restaurant: Insólita Gea - C/ de St. Antoni Maria Claret, 216, L'Eixample, 08025 Barcelona
14:30-	CLOSED SESSION: Catalysing the CCI: Building Bridges for CCI Entrepreneurs and Incubators (2
16:30	sessions in parallel)
	Participants will explore strategies for building bridges between diverse cultural and creative enterprises through interactive discussions, networking activities, and collaborative exercises. The session will emphasise the importance of cultural exchange, creative partnerships, and cross-sector collaborations in driving growth and sustainability within the CCI ecosystem. Participants will also gain insights into leveraging cultural diversity as a catalyst for innovation and market expansion. Ultimately, the workshop aims to empower CCI entrepreneurs with the tools, connections, and inspiration needed to thrive in an increasingly interconnected and dynamic global marketplace.
	Workshop 1: CREACT4MED Entrepreneurs
	Workshop 2: CREACT4MED Incubators and Regional Cooperation Entities
	If you are not sure which workshop you are attending, please let us know!
